**AGRICULTURAL FAIR
TO BE HELD THIS FALL**

Interest is becoming much keener in the Agricultural Fair which it is proposed to hold this fall, and there seems no reason to doubt that this year it will be an actuality.

Mr. Dobson, President of Strathmore Board of Trade, who has been doing most of the preliminary work, has received many promises of support, and what is even more important, considerable cash.

It has always been a surprising thing that Strathmore has never had an agricultural fair, when places not half the size, and with small rural populations have run fairs successfully.

We can have one of the best fairs in the Province for we have one of the most fertile and prosperous districts. Primarily, the Fair is a matter for the Farmers. They have the exhibits and it is to them that the prize money will go. Of course, the expectation is that there will be a sports programme in connection with probably an aeroplane flight.

The Society is not yet in being, but is almost so, over forty names having been secured. When fifty names are secured the list will be sent up to Edmonton for Government approval. There is no Government grant for the first year a fair is held, but the grant for the second year is equivalent to half the prize list for the first year, so that it is important that as much money should be raised as possible. Membership of the Society is at the rate of \$1 per head, but it is expected that many will contribute more than that. In fact a number have already contributed \$10 each to get the movement under way.

A meeting on Thursday night in the Town Hall decided on a plan of action, the method adopted finally being the circulating of many which they thought would be interesting.

It is proposed to hold the fair sometime in September. September is only four months away, and it is up to everybody who wants to see the Strathmore district in its proper place agriculturally to hasten for the fair and contribute their support, both in exhibits and by contribution to the funds. It is not proposed to spend money on the erection of buildings. The money raised this year will go towards the prize list, and the running expenses.

If possible the fair will be held the same day as the school fair. The date for both events set by the Government, but as far as possible they meet the wishes of the local communities.

Railway Accident

Strathmore last Thursday evening was the scene of a railway accident, which caused considerable damage to a switch track in the yards. Engine No. 2017 was shunting some cars of lumber into the Company's storehouse on the north side of the track, when owing to a rail spreading she left the track and ploughed along the ties for a considerable distance. The wrecking crew, with large gang of laborers, came down from Calgary and a new section of tie was laid, on which, after several hours work with the crane, the engine was lifted. Several rails were broken, and the ties, laid to replace for a distance of from thirty to forty yards.

Hospital Dance

A very successful dance was held on Friday evening last for the benefit of the Hospital funds. There was a very large attendance, and an enjoyable time was spent by everyone. Refreshments provided, the music and lunch was served by volunteer lady workers, and was much enjoyed. As a result of the dance, the hospital funds benefit to the extent of between \$10 and \$15. Other amounts received by the Hospital Board for the past two weeks are as follows:

Hospital Services 800.00
Strathmore 1.50

DEATH—Hilda Estelle Collier, born Tuesday January 28th, 1910. Passed away during the early hours of Saturday morning, May 19th, 1919, aged three months and four days.

Local Notings

Empire Day, Saturday May 24th, being a Dominion holiday, all stores and businesses will be closed. There will therefore be no Wednesday half holiday in Strathmore this week.

Gieschen is putting on a big celebration on Saturday and Strathmore will provide the opposition in the Baseball and the Tug-of-war.

This afternoon the Gun Club held their weekly shoot, commencing at 4.30. At 6.30 p.m. a ball game between Carleton Place and Strathmore will commence, and at the close of the ball game a Dance will be held in the Opera House, music being provided by Hittle's Orchestra.

The Sports season is certainly getting away to a good start and we hope that everybody will do their best to keep the ball rolling. It is rather a queer thing that the people who complain that there is nothing doing, and that everybody and everything is dead, are usually the ones that are absent when there is something doing. So don't be among the dead ones. Take advantage of a ball game, a shoot, a show, a dance, or anything else in the way of sport or amusement when it is brought on and you will have no need to complain of there being nothing doing. The promoters of the games, entertainments, etc., that will be brought off during the present summer spend considerable time and risk some money on the promotion of these affairs, and if they get the encouragement they will carry on.

Tom, the magazine canvasser who was brought up here a month or so ago in a charge of propagating money received for magazines to his own purposes, and who was acquired was brought up before Mr. Justice Ewbank at the Court of King's Bench on May 14, on a similar charge to the one brought forward here. It is stated that a large number of complaints have been received of his way of doing business. His case has been continued to the fall sitting on account of some evidence that will have to be secured from New York.

One of our readers in U. S. writes in reference to the recent storm that April, a heavy storm did about fifty per cent of the cattle in the Texas Panhandle and New Mexico, and that there was some loss in Nebraska.

We are in receipt of a communication from someone who has considerable difficulty with his spelling, but evidence in reference to the exploits of a young farmer living south of Strathmore, whose housekeeper had laid down rules for him that he was to have a bath each evening at 9 p.m. and thence to bed. On Friday night the rules were all shot to pieces when he stayed out till three in the morning. So as the writer concludes "and his foibles laid down some more rules to him."

A number of the cattle which died in the recent southwest are still lying around. If these cattle are not buried soon, a state of matters will arise which will be very injurious to the public health. An effort is being made to get the Provincial Government to undertake the work.

A meeting of Strathmore G. W. V. A. will be held on Tuesday May 27th, at 8 p.m. All returned men are requested to attend.

Back from the Front

Several local men have arrived back in town during the past week.

Pie W. H. Short arrived here on Monday, and is now staying with Mr. A. H. Haines. Pie Short is a member of the 15th Battalion, from Toronto, and was wounded twice while overseas. He expects to remain in Strathmore district. Pie A. Van Tighem, brother of Mr. Jos. Van Tighem, manager of Strathmore branch of the United Bank, also arrived in Strathmore Monday. Pie Van Tighem saw considerable service in France with the 31st Battalion, and after being wounded for the second time, with a labor unit. He originally enlisted in the 8th Battalion.

Pie H. P. Badsmen, of the U. S. Army, arrived here last week, and is now employed with Swenson & Boyles. He saw considerable service in France.

Trooper Sallis arrived back to his home at Dalroy on Monday.

Mr. W. H. Harvey, Crowfoot, was expecting his brother back from overseas this week, but we have not heard whether he has arrived yet. One local man who returned some weeks ago whose name was missed in our last week's issue is Pie T. Brooker, who served in France with the 4th Battalion, Canadian Trench Mortar Battalion. BANQUET TO RETURNED MEN. Arrangements are progressing for the banquet to be given the returned men throughout this district by the citizens, under the auspices of the Red Cross. It will take place on June 6th, and invitations are being sent out to every returned man in this district.

G. W. V. A. Strathmore Branch of the Great War Veterans Association are holding a special meeting on Tuesday, May 27, at 8 p.m., in the Town Hall. The membership of the local G. W. V. A. is growing steadily, and every returned man in the district should make a point of being present at the meeting on the 27th.

**Strathmore
and Bow Valley
Standard**

District & U.F.A. Notes

We invite contributions to this page from all districts. If you have any items which you consider to be of interest, write, phone, or call the Standard Office. We will be pleased to publish them. You can also hand them to the following correspondents, who will also take in your ads, subscriptions, or job work for the Standard.

Ardenode—P. H. Donkin
Carleton Place—M. Laanen, U.F.A. Secy, or F. W. Moore
Chesley—G. G. Miller, U.F.A. Secy
Crowfoot—Robt. West

Hervey—S. B. Allison, U.F.A. Secretary
Nanaka—S. W. Lawrie
Riverview—E. M. Stewart, U.F.A. Secy
Rockford—Leon F. Plonkin

Strathmore—H. F. Belovain

Some districts are as yet unrepresented. We want to hear from them. We want everyone, U.F.A.'s especially, to co-operate in sending regularly notes of the news and personal items of each district to this page. By it you will know what other districts are doing, and others will know what you are doing, and consequently the interests of every one will be advanced, and co-operation furthered. Look upon the Standard as your own paper. That is what we want it to be—a mirror of the news and opinion of the Western Bow Valley.

Contributors should endeavor to have their copy in by Sunday afternoon, or at latest Monday afternoon, as our forms close Tuesday. Paper and envelopes will be supplied on application.

John Mackenzie, Editor

Rockford

Ryan and Elford have put in a garden on Main Street, which will add considerably to the beauty of our town when the flowers are in bloom. Meanwhile the potatoes are already a foot high and the lettuce coming up.

Harry Peters, who last year worked on the ranch of Kennedy and Davies, and returned here this Spring left here last week to take charge of his new position at N. Bedford as supervisor of seven steam outfits on the Noble farm.

The air of Rockford seems rather becoming to the young ladies of the surrounding cities, and we would rather welcome them here only in larger units—then there may be some of them left—for our single men to decide upon, so as to also sometimes take a promenade down the railway track.

The little girl of Mr. B. Birt, who recently underwent an operation in Calgary has returned and Mr. Birt is wearing a broad smile now.

The Dance given on Friday the 9th was well enjoyed by those present. The couples were not very numerous owing to the condition of the roads, but nevertheless the dancing continued until the small hours of the morning when Louisa Cate was assumed to serve the rather early breakfast. The dance has not been very well attended of late, and it is rather discouraging as we in Rockford are privileged by possessing an occupation that is absolutely a credit to any community, and it would be rather a detriment to our town to show signs of other towns to be in or to the needs of our district. Until now there has been an excuse owing to the weather, but now with the grain in, there should be a larger attendance. The dances to be held in the future will all be for the benefit of the Town Hall, to provide funds to complete payment on the lot. Boost to help make the Danvers a success, and come yourself to have a real good dance.

Hervey

A very enthusiastic meeting of the Hervey food was held Saturday evening and several new members were enrolled, about 20 farmers present. The chief topics taken up were to send Mr. R. B. Chamberlain and Mr. J. Reid to represent the Union in the Political Convention in Calgary June 2nd, and to report details to local. We are all anxious to learn a little on politics that we may fight the duty off machinery and shake off the bonds that bind the farmer. We are holding a picnic first of July and will appoint a picnic committee at next meeting which will be held on June 15th at 2 p.m. in strange name and discuss other important business. Let them be. It is a deadly (bore) fun for old and young and a real blow out.

Several members were heavy losers of stock in the big blizzard but the few crops are promising for pay (loss) to keep on smiling. Mr. Townsend who put in from 80 to 200 acres of crop is kept with all scientific seedling over the crop which has up to now only failed to grow. I guess it grew down the wrong way.

We had a great surprise the other morning to wake up and hear odd ducks singing. In J. Leroy's town which he planted recently. This good thing some Jeds.

Nanaka Notes

A large number of friends paid a surprise visit to Mr. and Mrs. Pinkerton last Monday evening on the occasion of the 13th anniversary of their wedding. The surprise was complete nevertheless everybody had an enjoyable time. After partaking of a splendid supper served by the ladies of the party, Mr. E. T. Wheeler acting as spokesman presented Mr. and Mrs. Pinkerton with a purse of money to which Mr. Pinkerton suitably replied.

The Box Social and Dance which was held in the Hammersmith school house was a huge success. The Social realized about \$60.00 which will go towards paying for the organ which was installed there recently.

The U. F. W. A. held a largely attended meeting at the home of Mrs. H. Brown last Saturday. After the usual business had been transacted Miss Calkins gave an interesting paper on "Religion". The next meeting will be held at Mrs. P. Martens.

Miss Claire Gentry, of Clearbrook, is the guest of Miss Ruth Sim this last week.

Mr. Pete Wellman of Cluny was away for Sunday.

The U. F. W. A. will hold a meeting in the schoolhouse next Sunday evening, May 24th. All members are requested to be present.

Timothy friends of E. Hare, of Calgary, formerly of Nanaka, will be sorry to hear that he met with a serious accident while motoring to Banff last week, suffering injuries of a very serious nature.

Carleton Notes

R. Woodson and family have moved to town and are living over the grocery store of W. L. Brown.

The Perry Hill still remains in poor shape. Mr. Woodson has been working on it for the past week, but is unable to make much headway. The citizens on Saturday voted Hon. A. J. McLean, minister of Public Works, to take immediate action and have no doubt arrangements will be made to have a crew on the job in the near future. What really is required is about 25 or 30 husky sons of toil, to shovel mud off the grade. The road is so narrow that it is a great handicap to work with a team.

Mr. High Bros. have also had teams working on the grade.

Mrs. Gardner is a week end visitor to Calgary.

The Strathmore Juniors won from the Cheale Juniors by a score of 14-11 yesterday afternoon. Details of the game will be given in our next issue. J. Miller of Cheale, umpired the game.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS

"To the best of a land or one mile corner or quarter of a mile, and the Government of Canada has the honor to inform you that the regulations for the disposal of the land in the Northwest Territories are as follows:—

1. The land is divided into sections of 36 square miles each, and each section is further divided into 36 smaller sections of 1 square mile each.

2. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

3. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

4. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

5. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

6. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

7. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

8. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

9. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

10. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

11. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

12. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

13. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

14. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

15. The land is offered for sale by public auction, and the highest bidder shall acquire the land.

Judgment in Threshing case

Mr. Justice Winters last week gave judgment on the dispute with regard to a threshing fall rendered by Z. Grimshaw to W. Hargrave, evidence in regard to which was held at a sitting of the District Court held here several weeks ago.

The decision is on the nature of a compromise, and it will be of considerable interest locally, as we are publishing the text of it below:

The plaintiff seeks to recover \$400 being the amount of a threshing charge for wheat and oats threshed by him for the defendant. His defence is that the amount of bushels charged is far in excess of the real amount, and that the balance due in fact is \$240, which the defendant has paid into Court. The defendant also contends for the meals supplied and labour done by him for the plaintiff. The counterclaim amounting to \$240, is allowed in full on this bill.

The only question to be solved is the quantity of oats and wheat actually threshed. The plaintiff claims to have threshed:

Wheat, 554 bushels

Oats, 772 bushels

The defendant shows that he took the whole of the grain to the Elevator and being measured there the gross amount weighed was 337 bushels of wheat and 442 1/4 of oats, that none of the grain was used in any way or lost in transit, and that the difference between the quantities is due to the defective measurement of the plaintiff's machine. This was admitted by the defendant to be working very unsatisfactorily from time to time and had to be altered.

The evidence in support of the allegation that the machine itself was working effectively was not sufficient to convince the court while that showing the condition and composition of the matter threshed satisfied me that the fact of there being damp in the grain would cause a quantity of grain thrown out by the defendant as chaff. I have disallowed this item.

It is impossible to approximate the figures at all, except on the assumption that the measure given by the tally of the plaintiff's machine was grossly in excess of the quantity of grain actually threshed. It is obviously impossible for one to arrive at an accurate result, and I have therefore been driven to the expedient of dividing the difference between the two parties.

The difference between the quantities as asserted by the parties is as to the wheat, 197 bushels, and as to the oats 448. Splitting this difference would bring the total measurement of the wheat to 98 x 357 (the quantity admitted by the defendant) at 18c = \$81.90

Oats, 174 x 422 (the quantity admitted by the defendant) at 10c = \$73.50

Total amount due for threshing = \$155.40

Credit Defendant amount paid into Court = \$240.00

Credit Defendant amount allowed for meals &c. = \$55.40

Balance due to Plaintiff = \$155.40

The Plaintiff is entitled for judgment for this amount, with small debts accounts.

(Signed) W. ROLAND WINTER J. D. C.

The Court House, Calgary, Alberta, 29th April, 1919.

Counsel for Plaintiff, Mr. T. M. Weary, Strathmore. For Defendant, Mr. J. J. Pettie, Calgary.

W. R. COOK, C.M.A., Notary Public, Calgary, Alberta.

Hastening Corn Crop

The corn growers in the cold and more northern parts of Canada might not have been able to get their crops in so early as they are now.

The use of superphosphate as a fertilizer, Dr. F. F. Shutt, Dominion Chemist, points out, in an article in the Agricultural Gazette for May that one of the more important functions of a phosphoric acid fertilizer is to hasten maturity and expresses the view that an application of it will materially hasten the ripening of the corn crop, more especially in an adverse season. By this means the corn may reach the glazing stage before there is much risk from early autumn frost and the time for cutting has arrived. He suggests an application of, say, 350 pounds of superphosphate per acre broadcasted or drilled in on prepared land before planting. In order that the effect might be noted, Dr. Shutt suggests that a strip alongside should be left untreated.

Rockyford Notes

Continued from Page 1

Mr. and Mrs. A. D. G. Rhodes spent Sunday visiting at the home of Mr. and Mrs. Freeman, of Ardenode.

Mr. J. M. Rowley, of Grant's Pass, Oregon, is here visiting with Mr. and Mrs. C. P. Mannion.

Mrs. J. A. Wise and baby were visitors to Calgary over the weekend.

Mr. F. Stinn returned from Calgary on Monday after visiting with Mrs. Stinn who is progressing very favorably, and he hopes she will soon be able to return.

Mr. J. A. Wise and baby were visitors to Calgary over the weekend.

Mr. McDougall, Government Health Inspector, visited the town of Rockyford on Monday, (probably on urgent request) and condemned the use of water from the C.N. Tank for domestic purposes, which will prove rather beneficial to the town as a whole, as it will no doubt tend to prevent sickness, and it will also force the restaurants to use good water in their general use.

Summer will soon be upon us, and the Council should appoint a day as early as possible, consistent with good weather, for a general cleanup day, as the back lanes of Rockyford would benefit considerably and the stray men would be kept busy for a few days. Let us do it voluntarily and not wait to do it until the time when the Council compels us to do so, which power it can use at its own discretion.

The fact of the village of Rockyford read—"Rockyford, the cleanest town on the C.N.R., now and always."

The banquet given in honor of Reeve Ryan, of the firm of Ryan and Ellard, for the occasion of his appointment of Reeve of the Village of Rockyford proved a great success and was very largely attended.

When the guests sat down on a gorgeously laden table, covered with the most excellent dishes prepared by a French chef hired for the occasion from Winnipeg, Reeve Ryan welcomed the guests by a short speech which was responded to by Councillor Harts. After a series of addresses by Messrs. Gibson, Shields, Ellard, Hickey and L. C. Bowright, the drummer commenced, while the Rockyford Band in the corner played "O Canada". Although with the temperature drinks were served, reminiscences of winter events, previous to the war time to the surface, and many expressions of the good old times were narrated by several of our now residents (by force) severely criticizing and condemning the authorities for such drastic action. A smoker and card party ended the evening, and all departed feeling happy and happy for one of such occurrences every week.

Mr. W. C. Matheson, our local barrister, is moving into his new offices in the Post Office building on the 15th.

Mr. McGuire has learned from the C.N.R. Townsite Co. that the sale of land performed by the company previous to the registration of the townsite will not be subject to interests on different payments and contracts should be forwarded to him for adjustment.

Don't forget the Moving Picture show given by the Knights of Pythias on the 27th of May.

The roads are still in a terrible condition around Rockyford and it is very unfortunate for our auto owners to have to drive to town in a wagon.

Mr. and Mrs. Joseph Coughlin recently returned from the East bound to their farm south and east of town.

Mr. W. T. Rudd and Master E. Rudd left for Calgary on Monday, Master Brick returning to resume his studies at the Mount Royal College.

BUY AN IRRIGATED FARM FROM THE CANADIAN PACIFIC RAILWAY

BECAUSE

Irrigation makes the farmer independent of rainfall, and insures good crops, not only seasonally but every year.

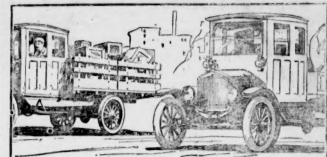

Irrigation makes possible the successful culture of alfalfa, the king of feeders, which insures good returns in dairying and stock raising.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigated Farm is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever intelligently applied.

This is the most liberal offer of irrigated farm is on record. For full particulars, apply to

ALLAN CAMERON, General Supt. of Lands
Canadian Pacific Railway, Dept. of Natural Resources, 929 First Street, E. Calgary, Alberta.

OPPORTUNITY for Retail Merchants

THE next few years will mark a tremendous change in the business of retailing.

Motor Transportation, now referred to as a low-cost basis, gives retailers a great opportunity for business growth because by widening their trading area.

The Ford One-Ton Truck makes available this opportunity. It is Motor Transportation at low cost—low first cost, low maintenance cost, low operating cost.

A small outfit will motorize.

Price (Cash only) \$750. Excl. Fuel, Oil, etc. Standard Ford Station wagon. Get our prices.
